

US 45 TRAFFIC SWITCH

On Thursday, August 20th, the Zoo Interchange project is scheduled to shift US 45 South traffic to the west onto newly constructed lanes, just south of Watertown Plank Road. With this traffic switch, the US 45 South ramp to Bluemound Road will open. Motorists will notice that the decision point to enter the US 45 South ramp to I-94 East will move north significantly and access to this ramp will no longer be available from the Watertown Plank Road southbound entrance ramps during construction. Traffic on Watertown Plank Road wishing to access I-94 East should utilize WIS 100 or 84th Street.

WHAT TO EXPECT DURING CONSTRUCTION

Some construction activities are likely to create noise and/or dust, and some work may be conducted at night during the course of the project. Be assured that we always work hard to minimize the impact of these events, but, if you have a concern, please do not hesitate to contact us. The project team appreciates your patience during this period of intense construction in your area.

****All closures are weather dependent and subject to change***
